Seeking Treatment for a Neurological Condition?

For the last **10 years**, Pacific Neuroscience Institute has been advancing care, pioneering innovation, and transforming lives.

Since forming the **PNI Medical Group** in 2015 and partnering with **Providence Saint John's Health Center** in Santa Monica in 2017, PNI has grown into a **nationally recognized** center for **brain, mind and spine care**. Our teams bring together world-class specialists in one place, collaborating across multiple disciplines to address the most complex neurological challenges.

We've built **centers of excellence**, bringing world-class expertise under one roof from brain tumors and pituitary tumors to movement disorders, to mental health, and so much more.

PNI's programs have provided care to thousands of patients. Along the way, we have **advanced** minimally invasive treatments, led clinical trials, and helped set new standards in neurological care.
