

PITUITARY PATIENT SUPPORT GROUP

Saturday, February 25th, 2017 | 10:00 - 11:45am

SPEAKER:

PEJMAN COHAN, MD

Neuro-Endocrinologist, Specialized Endocrine Care Center

TOPIC: Pituitary Tumors - Understanding this complicated disease and your treatment options

Pacific Pituitary Disorders Center at Pacific Neuroscience Institute is a comprehensive Center of Excellence. Our doctors are committed to giving patients the most current and accurate information available to help improve their quality of life.

Join us for this free pituitary patient support group meeting. We will serve a continental breakfast at 10:00am and immediately following the meeting we will serve lunch. There will be time for questions and answers and for patients to share support with each other.

Family and friends are welcome!
